Screen play  
By Robert Simpson.

"Those who make peaceful revolution impossible will make  
violent revolution inevitable."

John F Kennedy.

Act 1

1.

1 Wide shot of Sheffield Day

We see the city of Sheffield, on a quiet day as any other day while a radio was tuning in on the latest news report of the economic situation in the world, specifically the UK.

Radio announcer

This is BBC Radio 2 at 9:00am.  
The Stock Market has reached a record high for the 37<sup>th</sup> consecutive day. The head of HSBC Bank, Philip Morgan, has said that the stock market seems to be increasing by the day and it doesn't seem to be stopping any time soon.

3. Portable Radio on a rock at the common in Loxley

Reporter

"That's right Steve and now we're with the head of the Barons Berry Bank Rodger Owens, Now Roger what do think this could mean for our economy? There are fears our public services might collapse at any minute. And there are rumours about massive increases in poverty going on in this country affecting working people.

Rodger Owens

"What we're seeing here is a return to form for our economy! We've got rid of wasteful, inefficient red tape that was stifling free enterprise. That's allowing the free market to be open to many of our banks with no restraints what so ever.

Reporter.

And what do you say to those who are saying that this is all just an economic bubble that's going to burst? That all this growth is unnatural because of bankers treating the economy like a casino and it'll only lead to a great collapse. A Depression like the country has never seen before.

Rodger Owens

What I would say to those doom mongers is that they would have to look at the market and accept the truth of the situation, and they need to expect to be seen as a bunch of loonie conspiracy theorist not worth being heard.

Act 2

3 years later

4. Old warehouse near Meadowhall

Inside the warehouse we see a group of angry workers and homeless people gathered in the centre of the hall waiting for the leader of the Neo communist party of Britain or (NCPB) Alice Stewart.

Moments later Alice appears on the stage and the crowd applaud. And then she begins her speech.

ALICE

Might I say that it's an honour to see you all here tonight.

Now, you all know why we're all here tonight. It's because of the crash, we faced 3 years ago caused by our banking elite with their recklessness and greed.

Meanwhile the government has done what they have always done since 2008, they bailed out the bankers by having us, the worker and the middle-class tax payer pick up the bill, blamed the immigrants, poor people and then had the gall to bring on austerity.

The Crowd cheer

ALICE

As we have been getting worse off, with our stagnating and lowering wages, our in living

standards getting worse and worse, the bankers and the political elite have been getting richer and richer. They are doing everything they can to make themselves and their corporate donors get wealthier to the detriment of us and our country.

In the past year, they had passed the TTIP (Transatlantic Trade and Investment Partnership) and now big multinational corporations can influence government actions, which have resulted in the privatisation of our public service including our once great NHS, the distortion of our national park for minerals under places like the Peak District.

(Crowd booing)

And what's more our newspapers and the BBC have now been completely taken over and sold to wealthy billionaires by our MP's (who are in the pockets of said billionaires.) So that they can change the truth, smear those who want to change the status-quo or give little to no coverage at all.

ALICE

And will all of you just accept this fate?

Crowd  
NOOOOOO!

ALICE

Are we going to do something about it?

Crowd member- 1  
Hell yeah

Crowd member- 2  
Over throw those bastards!

Crowd Cheering.

ALICE

I'm glad you all agree because  
our chance to change our  
society and the economic  
situation for the better, we'll  
finally take down the oligarchy  
in parliament and eviscerate  
the corporate control of our  
country, bring back our social  
democracy at last!

People applaud

ALICE

Together the country will begin a New!

Crowed chanting  
The country will begin a New!

ALICE

AND THE WORLD BEGINS A NEW!

Crowed chanting  
THE WORLD BEGINS A NEW! (5x)

Act 3

Sheffield city centre

Act 3

In the crack of dawn, the day  
began as normal with people  
walking by and the buses going  
by.

But then the march began with  
people chanting.

Crowd

The world begins anew (7X)  
Down with the oligarchs (6X)

As time moves on more and more people join the protests and  
the protests spread all throughout the country. This continued  
for a week until the police are called in to detain and arrest  
them.

This was then followed by a clash with the police with  
batons and they assaulted the protesters with horses and  
shields to close in and crush people to box them in.

It was a sea of chaos. But then a few of the police and a  
one or two soldiers begin to defect and join the protester  
in the efforts to bring change to not only the community  
but the country.

Then 4 hours later as the tide had turned in the riots and  
revolution, almost the entire police force and the army over  
the country had joined the protesters.

When they got to west minster, the revolutionaries broke  
through the doors of parliament and stormed in. And now after  
a few hours, the crowd had finally gained control of the  
capital.

A few weeks later, the newly formed government moves the  
capital from London to Sheffield to show that they are closer  
to the working people than the previous regime.

ALCIE

My dear friends and colleagues, we did it. Our revolution was a magnificent success, with the oligarchs and war criminals incarcerated the power back to the people and after all the fights and struggles we have been through, we have finally eliminated all those who would threaten our future.

Crowd cheering

ALICE

Now I don't know about you, but I think it might have been a little hectic, wouldn't you say?

Crowd laughing

ALICE

For Our children's future, the world's future we'll be brighter, thanks to all of our sacrifices.

And so we shall build a better United Kingdom with our way of doing things in government.

Crowd cheering

Long live our constitution communist Monarchy.

We see the Sheffield city council building as the country starts its new political order. We get a message at the end the film that would shows what would happen afterward.

### Epilogue message

Soon after, different factions began to appear to try counter revolutions, from fascists to fundamentalist of different religions and those who are still faithful to the old system.

And soon after, a civil war would ensue.
